### **Tips for Making the Perfect Frozen Yogurt Treat**

- **Use high-quality yogurt.** The quality of the yogurt you use will greatly impact the flavor and texture of your froyo. Choose a yogurt that is thick and creamy, and that has a flavor that you enjoy.
- **Freeze the yogurt for at least 4 hours.** This will allow the yogurt to firm up and develop a smooth and icy texture.

- **Don't overmix the yogurt.** Overmixing the yogurt will make it tough and grainy. Mix the yogurt just until it is combined.
- **Add your favorite toppings.** Toppings are what make froyo so fun and delicious. Experiment with different toppings until you find your favorite combinations.
