My Guru Blessings Two is divided into four parts. The first part introduces the guru and his teachings. The second part explores the nature of the mind and how to control it. The third part discusses the importance of meditation and how to practice it. The fourth part offers advice on how to live a more ethical and compassionate life.

The guru's teachings are based on the ancient wisdom of India. He teaches that the mind is the key to happiness and suffering. If we can control our minds, then we can control our lives. Meditation is the key to controlling the
