Written by a team of experienced designers, 'Photoshop Down Dirty Tricks For Designers Volume' covers everything from basic Photoshop concepts to advanced techniques that will help you create professional-quality designs. Whether you're a beginner or a seasoned pro, you'll find something in this book to help you improve your workflow and create better designs.

What's Inside?

'Photoshop Down Dirty Tricks For Designers Volume' is divided into three main sections:

- **Section 1: The Basics**

  This section covers the basics of Photoshop, including how to navigate the interface, use the tools, and create and edit images. If you're new to Photoshop, this section is a great place to start.

- **Section 2: Intermediate Techniques**

  This section covers more advanced techniques, such as how to create layer masks, use blending modes, and create custom brushes and patterns. Once you've mastered the basics, this section will help you take your Photoshop skills to the next level.

- **Section 3: Advanced Techniques**

  This section covers the most advanced techniques, such as how to create 3D effects, use Photoshop actions, and create web graphics. If you're looking to create truly professional-quality designs, this section is for you.
